SUPPLEMENT TO REPLY COMMENTS

Ameritech respectfully submits this supplement to its reply comments on its CEI plan for pay telephone services.

On pages 3-4 of its reply comments, Ameritech noted with respect to the collocation of call control equipment associated with inmate calling services:

however, this equipment is not collocated in Ameritech central offices except for a few offices in Indiana; and the equipment in these offices will be removed by February 15, 1997.

Ameritech amends that representation by noting that, in order to meet the needs of the Indiana Department of Correction, the complete removal that equipment from Ameritech central offices will not take place until March 5, 1997.

Included as Attachment A is the schedule requested by the Indiana Department of Correction.

This change has no impact on the merits of Ameritech's CEI plan.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Michael S. Pabian". The signature is fluid and cursive, with a large, stylized initial "M".

## INDIANA DEPARTMENT OF CORRECTION

January 30, 1997

Ms. Barb Gunn  
 Account Manager  
 Ameritech Pay Phone Services  
 P.O. Box 599  
 307 South Main Street  
 South Bend, IN. 46624

Dear Barb:

Due to scheduling and training concerns and the number of Indiana DOC locations, we will not be able to meet your request to disconnect all the Science Dynamics systems by February 15, 1997. However, we agree to convert all locations to Gateway, a premise based system, by March 15, 1997. The following conversion schedule is agreeable:

<u>Location</u>	<u># of Phones</u>	<u>Date</u>
Plainfield Correctional Facility	72	2/12/97
Plainfield Juvenile Correctional Facility	27	2/19/97
Indiana Women's Prison	36	2/21/97
Indiana State Prison	96	2/27/97
Rockville Correctional Facility	43	3/05/97

Our main concern is a smooth transition to the Gateway system without any disruption in service to the inmate population. It's also extremely important that the same call controls and features (i.e., PIN numbers, blocking lists, timing, messages) are immediately activated to monitor inmate calling activity.

We look forward to working with Ameritech Pay Phone Service in the conversion of the Science Dynamic equipment to Gateway.

Sincerely,

Robert W. Hughes  
 Director

CERTIFICATE OF SERVICE

I, Todd H. Bond, do hereby certify that a copy of the foregoing Supplement to Reply Comments has been served on the parties on the attached service list, via first class mail, postage prepaid, on this 7th day of February 1997.
